

Airmat "Impuls Incline"

1740521

This unit has been developed to increase comfort for floor work, jumps, uneven bars and parallel bars. Enabling the gymnast to work more with their arms and legs, this 'incline' mat is inflatable and the pressure level is adjustable, allowing the gymnast to work harder whilst decreasing the stress on their joints. The unit has a similar shape to a springboard and is very light and stable, allowing gymnasts of all levels and disciplines to use it as a springboard for all apparatus.

General information and highlights:

- Inflates within seconds
- Light and easy to move
- Can be used for hand and foot work
 - An alternative to springboards and handspring vaults
- Easier on joints allowing the gymnast to train more often
- Very comfortable to use
 - Soft contact – high quality PVC – no "Phthalate"
 - Adjustable pressure
 - Can be attached to a springboard using straps – more comfortable to use
 - Anti-slip surface improves grip
- Increased opportunity to correct moves:
 - 3 horizontal lines and one vertical line facilitate correction by sight:
 - for the gymnast
 - for the trainer
- Can be used by all:
 - From beginners to experts
 - Suitable for both male and female gymnasts
 - Can be used for floor work and jumps but also as a springboard for uneven bars and parallel bars
- Comes with its own bag, two fastening straps and a repair kit
